

## A New Hobby

Making my own wine,  
Will be something to do.  
I'll start off with Reds,  
And drink them too.

Zinfandel, Reds, and whites,  
Why pay twenty, when I can make it for ten?  
Good wine makes things quite fine.  
I'll save money, in the end.

Thirty bottles of wine, in each batch.  
Really fine gifts, that can't be matched.  
I can give them to friends and family members too.  
They will be from me, to all of you.

There is no challenge to make fine wine,  
It just takes patience and time.  
Proper ageing, that cannot be rushed  
It produces the flavor, the blush.

Personal or creative, from your own imagination.  
Design your own labels, pictures, and such.  
You will feel the results and gain the satisfaction,  
After drinking, too much.
